## GOLDFIELD MAN DIES SUDDENLY

VETERAN POWDER AGENT EXPIRES IN SAN FRANCISCO HOSPITAL FRIDAY

M. H. Lynch, a resident of Goldfield since 1904, and representative for the Hercules Powder company, died in Lane hospital at San Francisco yesterday.

Mr. Lynch was a member of the Republican state central committee and was a delegate from Esmeralda county to the Republican convention held last fall at Reno.

He left here about two months ago in company with his wife and about two weeks ago was operated on for acute stomach trouble at the Lane hospital. A letter received this week stated that his condition was excellent and the news of his death was entirely unexpected.

M. H. Lynch was born January 11, 1859, near Perth, Ontario, Canada, where he attained his manhood, later going to Wisconsin and from there to North Dakota, where he developed extensive business interests in the Devil's Lake country. For many years he was prominent in politics. He later moved to Colorado and came to Goldfield from Cripple Creek.

Mr. Lynch was serving his second term as grand knight of the Goldfield council and was a delegate to the state council of the Knights of Columbus, held last May at Reno, where he was instrumental in securing for Goldfield the 1917 convention.

Mr. Lynch was a charter member of the Superior, Wis., lodge of Elks, having been active in its formation while engaged in the hotel business there.

The remains will be taken to Grand Forks, N. D.

## FIREBRICKS FOR WHITE CAPS BEGINNING TO ARRIVE

A carload of firebrick for the White Caps mill arrived yesterday and a carload of machinery is expected in this afternoon. All the material for the mill is now safely through the Union Pacific blockade and it is believed that the last consignment will arrive in Tonopah by the end of next week. Arrangements are being made to truck the machinery immediately to Manhattan.

It was planned to resume work in the ledge crosscut last night, but this has been deferred until tomorrow. Several additional miners will be put on. They left today for the Pine Tree camp.

## JUSTICE DECIDES ELECTION BET IN FAVOR OF PLAINTIFF

The case of F. P. Carroll versus W. B. Evans as constable was tried this morning before Justice Lawrence, of Manhattan, sitting for Justice Dunsen, who was disqualified. This was an action to replevin money attached in the case of Mrs. Kate Murphy versus Tom Carroll.

N. C. Ableman was guardian of the money sued for, an election bet, of which Tom Carroll was the ostensible owner and E. P. Carroll the real owner, but which is in the possession of former constable Evans. The justice decided in favor of the plaintiff.

## Fixes Salary Nye Sheriff At \$4000 a Year after 1918

Special to the Bonanza. CARSON, Mar. 3.—Hardy introduced a bill today providing for the removal of the state industrial commission offices to Reno. The bill is opposed by the joint labor commission and recommended by Mullin. The highway committee reported the new highway bill favorably. The committee is now solidly for the bill, which reduces the salary of the highway engineer to \$4000 per year.

The Elko delegation offered a bill abolishing one judicial district by adding Eureka county to the Fourth district and Lander to the sixth. The act becomes effective in 1919.

Luca, on behalf of the Nye county delegation, offered a bill fixing the salary of the Nye county sheriff at \$4000 in payment for all services and consolidating the offices of clerk and treasurer. It will be effective in 1919.

The bill providing for an \$80,000 bond issue for the erection of an agricultural building for the state University was made a special order for next Monday.

terday by Harrington, of Ormsby. The resolution providing for the appointment of a commission of not less than three or more than five members to conduct investigations tending toward the enactment of a uniform divorce law was passed by both houses. In the assembly, Sherman of Mineral made a short speech favoring the resolution. The governor probably will make his appointments early next week.

Chapin, of White Pine, introduced a prohibition measure in the senate. It is the same bill as was circulated as an initiative act with two amendments. It carries a section making it effective on March 1, 1918, and removes the joker in the initiative act which would have prevented the sale of any kind of a drink containing malt, designed to give a monopoly on certain so-called "summer drinks," which contain drugs.

The proposed amendments to the industrial insurance act as agreed upon by the joint labor committee of both houses was introduced yesterday.

## RUMOR DENIED

General Manager Mead, of the Cash Boy Consolidated Mining company, wired from San Francisco this morning to Superintendent Dooley, denying the rumor in general circulation that the company was about to levy an assessment. Mr. Dooley said that the ore in sight assured profitable operation.

## CASE DECIDED

The case of Togmori versus Oroz, tried before Judge Averill in the district court, was decided today in favor of the plaintiff, who receives judgment for costs and \$600 damages. The plaintiff is also given the right to water 250 head of cattle at Portuguese springs and the defendant 250 head. This number is to be decreased in proportion when the water is scant.

## MORNING GLORY WILL START SHAFT

The creator of the latest market sensation, following that of the White Caps, has been caused by Morning Glory of Manhattan, which property adjoins northwesterly the White Caps estate. The steady and rapid improvement in price is due to the fact that the company is preparing to start work at once. A new two-compartment shaft will be sunk near the White Caps line at a point where the management expects to cut the extension of the big vein as it makes in the direction of the Manhattan Consolidated. The hoist is already on the ground and will soon be put in place.

## NO COAL IN TOWN TO MEET DEMANDS

A meeting of the directors of the company, at which officers will be elected, will take place at Goldfield in a few days.

The estate of the Morning Glory Mining company consists of 27 acres of patented ground. It has specimen gold showings on the surface and the company is confident of having the extension of the White Caps vein for about 1000 feet. The glory hole of the Manhattan Consolidated extends to the Morning Glory's northwestern line.

## OHIO CAPITAL BUYS THE OLD BARCELONA

Heavy interests have come into the Spanish Belt Mining district, situated between Manhattan and Belmont. Marion and Cleveland, Ohio, capitalists recently purchased the old Barcelona mine there and incorporated the Consolidated Spanish Belt Silver Mining company.

James Pike, of the Jim Butler, was installed as superintendent. He began work on a 1200-foot tunnel, which is already in 100 feet. This tunnel is being run to tap three ledges, on the third of which there will be 500 feet of backs.

Hand drilling is the present method employed, but Mr. Pike has ordered a semi-Diesel engine, compressor and set of machine drills. The ledges on the surface are strong and good grade. Reports in the courthouse show that in the early days the property was a profitable producer. The ore was shipped to Salt Lake via Austin. The formation is lime and granite.

## AMUSEMENTS

## BUTLER THEATER

Look who's here tonight—Charlie Chaplin in a two-reel Essanay comedy, "Shanghai'd," conceded to be one of the best of his long list of successes, and the laughable stunts and situations that are presented in this production will extract a laugh, and several of them from the most serious. The big feature is Viola Dana, in "The Gates of Eden," which is a powerful screen story. Miss Dana is seen in two roles, first as Evelyn, the scorned mother in a Shaker community, and next as Eve, her daughter. "The Gates of Eden," which is a story of life in a Shaker community whose members have taken vows of celibacy, was written by the Rev. William E. Danforth. Whenever you see the name "Viola Dana" featured in any production, you may rest assured it is worth looking at.

Tomorrow, another big bill—America's greatest dramatic actress, Fannie Ward, in "Each Pearl a Tear" in which she will be seen in a role of great human appeal, the plot being of extraordinary strength and abounds in moments of tragic tenderness. Exciting Wall Street introduced in this production. Paramount-Bray Cartoon will also be shown. These pictures speak for themselves. There are no better.

## LIBERTY THEATER

This is the day of all days at the Liberty—a big show especially arranged for both young and old to enjoy. Expecting that we would have a large crowd on the night that the child's auto was given away, we have arranged a program which we are satisfied will please everyone. That is saying a lot, but look at what we have. Bessie Love in "A Sister of Six." Five reels. A street of the early California period, with saloons, gambling halls and cabins, numbering more than 70 structures, was built especially for the Triangle-Fine Arts production. "Sister of Six," directed by C. M. and S. A. Franklin, and starring Bessie Love, Indians, gamblers, Chinese and cowboys appear in the street scene, which is one of the most elaborate of its kind ever built for a motion picture production. And a two-reel Keystone comedy which is a scream from start to finish. Tomorrow, Louise Glaum in "Somewhere in France," and a two reel Keystone comedy entitled "Stolen Magic." Do not miss "The Escape" Wednesday and Thursday, produced by D. W. Griffith.

Don't forget the dance at Aldome tonight. Adv.M311
